FRS Community Grant Program

Apply for a community grant!

Do you have a community project that needs funding? The Foundation for Rural Service (FRS) is accepting grant requests from \$250 to \$5,000.

Ten percent of the total grant award comes from the local NTCA member sponsor, Tri-County Communications Cooperative, Inc. The FRS Community Grant Program is offered annually through NTCA members, like us, to support local efforts to build and sustain a high quality of life in rural America. The program supports projects for business and economic development, community development, education, and telecommunications applications.. The 2024 FRS Community Grant Program is open until September 9, 2024! To learn more or apply for a grant, visit the website:

Summer Interns

TCC welcomes our three summer interns!

TCC hired Brady Zimpel, Connor Schiefelbein, and Garrett Gullicksrud for the summer to work with the plant department and learn telecommunications.

They will work directly with different technicians to gain a wide variety of experience with our Internet, TV, and telephone services.

We're glad to have them on our team and hope they enjoy their time with TCC!

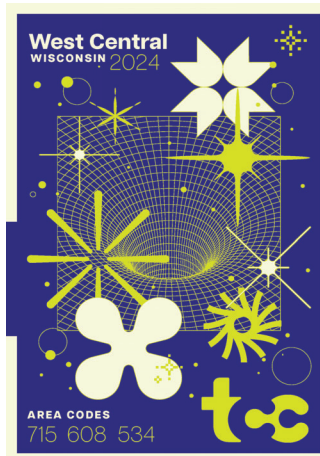

Directory ad sales reps

Beginning August 5th!

Sales representatives from Pinnacle Marketing Group will be in our area for about a week to meet with local businesses concerning directory advertising starting August 5th.

Our directory is distributed to all TCC landline telephone subscribers. We share the directory with West Wisconsin Telcom in Menomonie and Ntec in Durand.

If you would like to have an ad sales representative contact you, please let us know and we can let them know.
